Progressive Fireball Jackpot will be awarded if the required pattern, Heart shape, is declared and verified immediately after the fireball has been drawn. The Caller will announce the fireball as the next ball in the chute and the following ball will be drawn and announced. There will be a 60 second delay before the Caller will call for any Bingo's on the Fireball. An additional 30 seconds will be allowed for any potential winners to call in. The Caller will call a final time for the any Bingos on the fireball and another 30 seconds will be allowed. After the time has lapsed the Caller will close the progressive Fireball and continue play for the event prize of \$100. No Late Bingos will be accepted for the Progressive Fireball. The progressive contribution will be 25% card sales. If jackpot has not been awarded it will carry over to the next event. The Fireball Progressive will cap at \$5000. The capped amount will remain in play until the Fireball is awarded.

If not awarded within 1 calendar year the Fireball Progressive will be played off.

On Playoff Day the Fireball will not be added to the blower and the Fireball Progressive will be awarded to the first winner(s) who declare and have a valid Bingo on the Heart shape. Play will continue for the event prize of \$100 after the playoff has been closed.
